

Want to know more about breast cancer when you're over 70?

NHS Berkshire's Breast Cancer Awareness Campaign is aimed at women over 70

Between January and March 2012 a team of Health Activists will be delivering interactive, awareness sessions throughout Berkshire

Sessions include:

- **How to spot breast cancer**
- **Why seeing a doctor early is important**
- **How to access screening**
- **How to reduce your chances of getting breast cancer**

If you are a community group with women over 70 or carers, family or friends please book an awareness session today!
